

Introduction

Meltric Overview	pg 3
Product Features & Benefits	pg 5
Product Summary & Selection Guide	pg 9

Switch Rated Plugs & Receptacles

Decontactor™ Series – The Main Differences	pg 17
Decontactor™ Selection Guide	pg 21
DSN	
Type 4X rated, poly casings. From 20 – 60A (1/2 – 20 hp)	pg 23
DS	
Type 3R rated, metal or poly casings. From 20A – 200A (1/2 – 25 hp)	pg 35
DB	
IP67 rated, metal casings. From 30 – 100A (1 1/2 – 60 hp)	pg 53

Hazardous Duty Plugs & Receptacles

Hazardous Duty Selection Guide	pg 67
DXN	
CSA and ATEX rated, poly casings. From 20 – 60A	pg 69
DX	
ATEX rated, metallic casings. From 20A – 100A	pg 81
Multipin	
ATEX rated, 25 to 37 pins, 10A	pg 91
Single Pole	
ATEX rated, up to 680A, 1000VAC	pg 95

Multipin Plugs & Receptacles

Multipin Plugs & Receptacles	
4 – 37 pin connectors in poly and metal. From 2 – 150A	pg 97

High Ampacity Plugs & Receptacles

PF/PFQ High Amperage Connectors	
IP66+IP67 rated, metal construction. From 300A – 600A	pg 127
SP Connectors	
Single pole, connectors up to 600A	pg 133
CS1000	
Single pole, connectors up to 400A	pg 137

Standard Duty Plugs & Receptacles

DR Plugs & Receptacles

Type 3R rated, poly or metal casings. From 30 – 250A pg 141

PN Connectors

IP66+IP67 rated or IP54 rated, poly or metal. From 20 – 30A pg 157

DSDC Plugs & Receptacles

DC current rated, poly or metal casings. Up to 750 VDC pg 167

Specialty Products

Custom Power Distribution Solutions

Built specifically to meet customer needs pg 172

Integral Circuit Protection Wall Boxes

Premounted receptacles wired to circuit protection 20A-60A pg 179

Safety Switch/Receptacle Combinations

Switch-rated receptacles mounted to single throw, fusible safety switch pg 185

WS – Welding Connectors

Single pole connectors (max 50 VAC) pg 187

LC – Battery Connectors

For battery charging and interconnect from 75A to 200A pg 188

Adapter Plates

For converting existing receptacles to Meltric pg 189

Cord Grips

Voltage/Phase Rotation Meter Assemblies pg 195

Reference

Accessories & Options
